# DOJ files motion to drop Radam in 11 poll sabotage raps

The Department of Justice (DOJ) has filed a motion before the Sandiganbayan to drop the 11-poll sabotage charges against Senator Radam, or to suspend the trial of the senator on the grounds that the charges are not supported by the evidence.

DOJ assistant general prosecutor Maricel B. Dela Cruz, who is in charge of the 11-poll sabotage cases, filed the motion on April 17, 2012, after the Sandiganbayan had denied the senator's motion to dismiss the charges.

The Sandiganbayan, which is the highest court in the Philippines, had earlier denied Radam's motion to dismiss the charges, saying that the evidence was sufficient to sustain the charges.

It's a match-up made of contrasts — one team looking to sprint to the top third to a title against a perennial champ ready to offer a hand to another team.

The Dragons are looking to take longer to get going after a sluggish start to the season against the Long Beach, a team known for its defensive tactics and strategy, will be the underdog in the match.

For the Dragons, the match is a good chance to show their strength as a championship contender. The team has a strong record in the league and is looking to make a statement in the playoffs.

## Sun Cellular launches Smart Add-on Plans

Since Sun Cellular became a member of the country's largest telecommunications group, Sun has unveiled to the market its latest prepaid service which provides special call and text allocations to Smart and Talk N' Text subscribers.

"As we synergize with our sister companies in the PLDT Group and continue to grow our network for wider reach, we will be introducing more and more innovative products and services that offer best value to our prepaid customers," says Remy C. Pardo, Senior Vice President for Prepaid, Broadband and New Business Marketing of Sun Cellular.

For only P48 on top of their monthly service fee, current Sun prepaid subscribers can avail of the Smart Text Add-on Plan with 1,000 texts to Smart numbers on the Smart G2D Add-on Plan with 50 minutes of Sun-to-Smart calls.

Meanwhile, Sun also offers the Smart Combo Add-on Plan with 1,250 texts and 50 minutes of calls to Smart for only P58 per month, on top of the regular monthly bill.

Pardo says, these new add-on plans would yield significant savings on the important telecommunications of Sun Cellular subscribers to Smart subscribers. "These plans have been designed to give our subscribers at least a 30% savings on texts and call rates, not to mention they call rates of as low as P1 per minute to Smart numbers."

In December last year, Sun Cellular partnered with Smart to come up with the Smart Sun Deal Plan offering which features a dual prepaid subscription to both Sun Cellular and Smart networks with unlimited texts to Sun and Smart, a focus of Sun calls and 5 hours of Smart calls.

Due to widespread service network, subscribers to the service would covering local and nationwide. Pardo further explains that these expansion efforts are being delivered through synergies and collaboration support from the PLDT group.

## Mister/Miss Congeniality: LGBT takes mainstream beauty pageants

...the ...

**W**est steps in stone to put a

There is no doubt that the U.S. position as champion for global peace and stability for the [A.R.] community is the primary goal of our campaign. Our Center is already in the midst of many more than 100,000 copies of the [A.R.] community. The campaign is not only a challenge to the [A.R.] community, but also a challenge to the [A.R.] community.

I also have issue with pageants, like how it limits the concept of beauty. But you may [also] see it as a tool for empowerment.
